

What Happens Next?

Further consultation

This exhibition is just the start. We want to encourage individuals and organisations to give us their views throughout the preparation of the Statement.

Widespread consultation will also take place when we publish a draft Design Statement in the late Spring / Summer.

The final document hopefully will be adopted by Horsham District Council as a Supplementary Planning Document towards the end of the year. At this point it will assist in the determination of planning applications within the town.

How can you help?

Do you have a particular interest in planning, architecture, or related areas?

Are you active in a local group which would be able to help on a particular aspect of our work?

Would you like to help in some other way?

If so, please speak to one of the organisers today, or email design@horshamsociety.org

Further information

If you are interested in learning more about Design Statements and the planning system, and how the public can help set the planning agenda, information is available from
