**Comments:** On behalf of Horsham Society I wish to object to Planning Application DC/16/0946, for the following reasons. The premises are situated in a conservation area, being the Carfax. Any works undertaken to the external elevations should be carried out sympathetically and with due regard to the location of the premises. In particular the drawings indicate the North elevation being refurbished using an Eternit cladding and a single membrane roofing material to the roofing element of this elevation. These materials are not appropriate and should be exchanged with materials suited to a building of this type. Windows should be replaced using timber double hung box sashes. David Griffiths. (secretary to the Planning Sub Committee)
