

Members Evening Talk

**Dr Janet Pennington
Sussex Inn Signs**

**Causeway Barn, 7.30pm
Thursday 7th July 2011**

New members often ask whether we hold regular meetings, and some of our established members will recall the days when we did.

So, we have decided to experiment with two talks this year and the first is on Thursday 7th July.

Dr Janet Pennington will tell us, with illustrations, all about Sussex inn signs and their history.

Inn signs were, and still are, much more than external advertising for food and drink. The signs, and their brackets, reveal patronage, land ownership, social status and information about local events, opening a window on to our past.

Please come along and support this most interesting talk.

There is no charge, and if you have friends who would like to join the Society do bring them along as well.
